

Nuxt 3 to Nuxt 4

The following directory structure is default for **Nuxt 4**, and opt-in for Nuxt 3.

Opt-In to new directory structure of Nuxt 4 in Nuxt 3

Add this setting in `nuxt.config.js`

```
export default defineNuxtConfig({
  future: {
    compatibilityVersion: 4,
  }
})
```

The new directory structure

Make sure to use the **Nuxt 4** directory name if you've opted-in to compatibility mode with **Nuxt 4**, or you're using **Nuxt 4** already.

IMPORTANT: Some directory or file locations or names just didn't change!

Nuxt 3	Nuxt 4
/app.vue	/app/app.vue
/pages	/app/pages
/content	/content
/layouts	/app/layouts
/components	/app/components
/app/router.options.js	/app/router.options.js
